Nearly 15,000 men have been added bulance Company No. 1. to the national guard force available for federal police duty by a war department order suspending the muster out of all guard organizations still in the federal service. With the men called out during the past few days, this gives the government upward of 50,000 guardsmen for employment in their home states to protect industries and other property. Most of the men affected by today's order are at their home mobilization camps preparing to return to civilian life after long stays on the Mexican border. They now will be held at their camps or armories for assignment as conditions require. In all, 15,000 men are retained by the order, but several of the units already had been designated for federal service. The full list follows:

War Declared

One dealer whose name it is unnecessary to mention at this time, came to us and demanded that we raise the price of potatoes back to seven cents a pound, and threatened to reduce potatoes to two and a half cents a pound if we didn't. He said: "I have potatoes that I bought six months ago that I can sell for 21/2 cents a pound and make money." That is his own confession, but IF it is true, the price of seven cents has been a hold up. We think he is bluffing-but if he isn't, he has been robbing you for the last few months. Of course, you'll know who it is if he begins selling them that way. Our advice to you, is to lay in a stock of potatoes at that price. We can't equal it-but remember we were the ones who forced this robber from under cover. Buy his cheap potatoes if they are good ,but in appreciation we would like to have you buy other groceries from us.

POTATOES AT FOUR CENTS.

A carload of 300 sacks of fine, mealy potatoes arrived Saturday, which we will sell at FOUR CENTS A POUND with every \$5.00 worth of other groceries. Fifty pounds for \$2.00 with every \$5.00 order for groceries. One Hundred pounds for \$4.00 with every \$10.00 order for other groceries. This is saving you \$3.00 a mck.

The potatoes are going rapidly. Orders are coming in by the score. Come early and be sure you get yours.
